

READING,

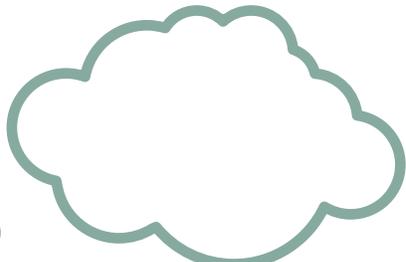

an important key to school success

DEAR PARENTS,

Today in class we read the book *Les ours ne lisent pas*. Tonight, your children will invite you to find words with them, ask them to tell you about the story. Show them how to write a few words in the clouds below, that remind them about this funny story of a bear determined to learn how to read. Add some colour to the story! Once the work is completed, send it back to school.

Don't forget to have fun!
